
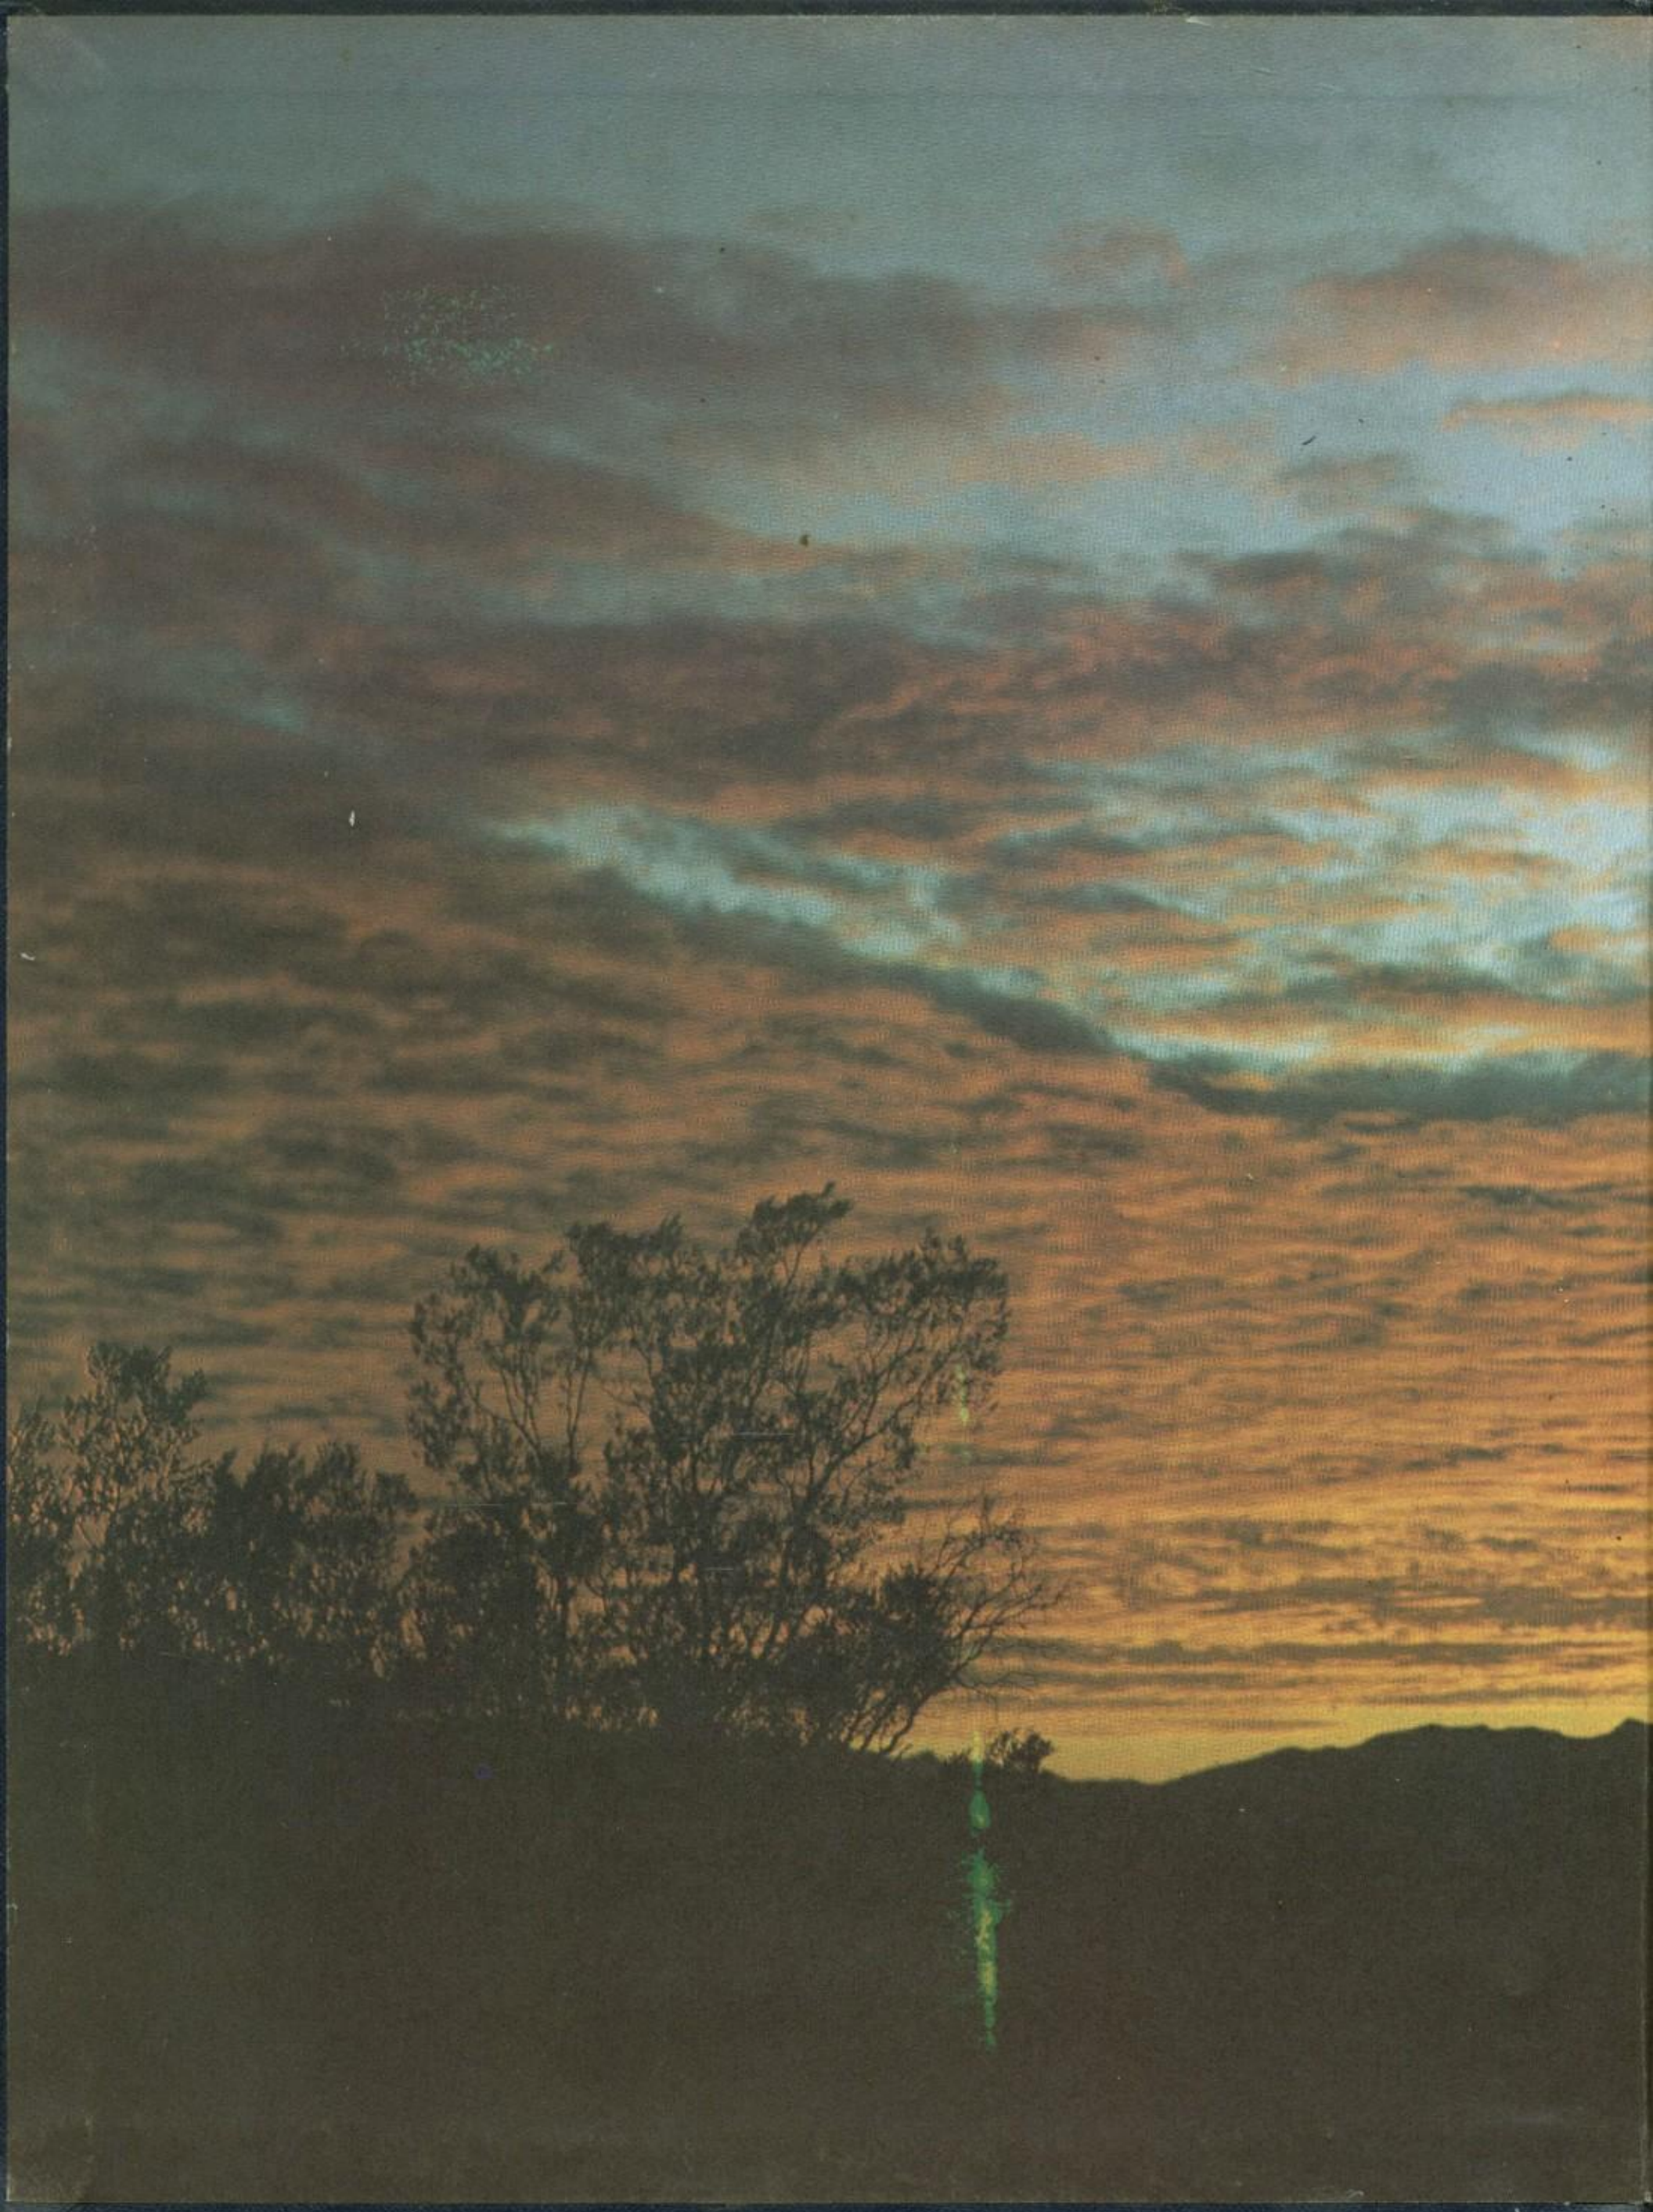
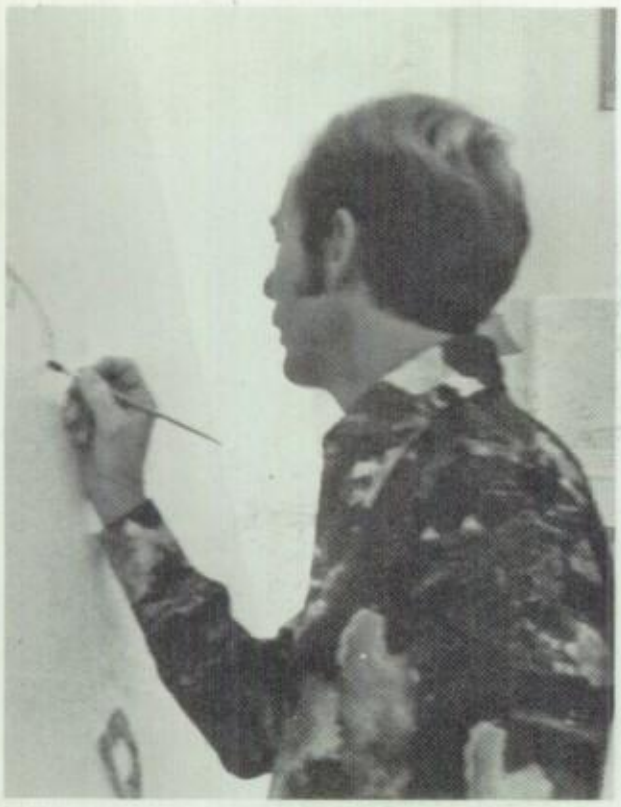
CHIEFTAIN 1977



1-5 as is 40

Laytonville High School

1977 Chieftain



Dedication

The publication staff of 1977 dedicates the 1976-77 Chieftain to one of Laytonville high School's best known teachers. His participation in Girl's basketball, J. V. Football, Track, and the Ski Club has made him very popular with the students of L. H. S.

Another of his hobbies is collecting "things," dead or alive. One of his "alive things" is a tarantula named Fang. This person has taught the sciences for seven successful years. To you, Donald McAlister, we dedicate this yearbook.

Principals Dedication

With the increasing emphasis on the need for education in order to live and advance in our society, it is tragic to see so many young people failing to take advantage of the educational opportunities offered here at Laytonvill High School.

Under current legislation compulsory attendance laws are practically unenforceable, and the responsibility lies with the students and their parents. How will you, the student, accept this responsibility? Will you choose to attend school regularly and study hard to better yourself and your society, or will you some day wish that you had? The choice is yours, and I sincerely hope you will choose wisely.
